

Are you ready for Medicare's Quality Payment Program?

Offering **NO COST** Merit-based Incentive Payment System (MIPS) technical assistance and support for small New England-based practices.

What is QPP?

The Quality Payment Program (QPP) improves Medicare by focusing on team-based quality care and making patients healthier.

If you participate in Medicare Part B, QPP will provide new tools and resources to help you give your patients the best possible care.

You can choose how you want to participate based on **your practice size, specialty, location, or patient population.**

Choose one of two tracks:

Advanced Alternative Payment Models (APMs)

Merit-based Incentive Payment System (MIPS)

We are here for you!

As the **New England QPP Support Center**, we offer **NO COST** training and support for successful and effective participation in Medicare's QPP.

What we can do for you:

- ✓ Explain the MIPS expectations and timelines
- ✓ Explain the MIPS feedback report
- ✓ Create a MIPS-score improvement plan
- ✓ Evaluate practice readiness for joining an APM
- ✓ Support change management and strategic planning
